War on Oscomargarine.

Chicago, 1.—This afternoon a number of dealers in butter had a conference with the purplese of protecting the trade sgainst the adulterated butter and cheese shich are at present fiseding the market. Recent exposures of the vitatinous obstraction of the compounds which are manufactured and cold as butter have greatly damaged the business and rendered some action in cessary. The only fessible plan suggested was that dealers in the bugue article be compounds to label tunder its appropriate name. The last legislature passed a law roquiring this to be done, but no sters have been taken to enforce it, and it is practically a desdicator. Resolutions were adopted requiring the Freduce Exchange to take action to wards enforcing obedience to the law, and promising hearty co-operation. An active war will be made sen the diagusting traffic.

At that time be only freed himself by getting his hand on his revolver. His sessainants then if d, but one of them attempted to shoot him as he ran. He was too quick, however, and brought him to the ground, for which he was sub-rayer honorably acquitted in court.
